SECTION C -- DESCRIPTIONS AND SPECIFICATIONS

C.1 ATTACHMENT - STATEMENT OF WORK

PGM16W09009
PRWRSM09061 NEW GEM STATE

ACTIVATION PLAN SUMMARY:

The purpose of this project is to accomplish a maintenance activation, dock trial, and deactivation. This activation, trial period and deactivation shall be accomplished in accordance with the MARAD approved Ship Manager Contract activation, operation and deactivation plans. There will be a mini dock trial conducted each quarter with a full dock trial conducted in September 2009.

The work allowed to be completed under this project includes crew wages, benefits, transportation and overtime; vessel support services including material handling, boiler water, donkey boiler, crane service, oil boom deployment, etc.; technical representatives and services including, thermography, vibration analysis, agent automation, engine diagnostics, communications, navigation, performance testing, fees; stores for steward, engine and deck department; tug assist, pilots and line handlers; laundry and cleaning services, waste disposal; and minor repairs required to activate, operate and deactivate the vessel.

All completed work shall be in compliance with applicable standards as set forth in the Ship manager Contract at C6.3, Compliance Documents, and subparagraphs thereto, at the time of acceptance.

The S/S Gem State will conduct it's regularly scheduled Dock Trials, for FY09 with a light off and a mini dock trial each quarter ending with a full dock trial conducted in the last quarter. Dock Trial start-up measures will commence the day before, including some regulatory inspections.

Technical Representatives will attend as required, including but not limited to:

- Turbine Representative
- OWS Technician
- Refrigeration Technician
- Boiler Safety Technician
- Vibration Technician
- Thermography Technician
- TMS Technician
- Navigation Equipment Technician

Additional support will be provided as required through commercially contracted industrial companies.

All systems will be tested including engine and deck machinery, auxiliary machinery, house accommodations inspected, navigation systems and the cranes operated and inspected.

DECK DEPARTMENT:

- Mooring Equipment
- Anchor Windlass
- Cargo Gear
- Cargo Winches
